Aloha Saint Louis School Parents and Guardians,

Each week, this newsletter shines a light on at least one aspect of what it means to be a part of a Marianist school by focusing on one or more Characteristics of a Marianist Education. Last week Friday, Marianist Father and Ph.D., Dr. Jim Heft, led members of our Saint Louis School Board of Trustees, faculty, administrators, and staff on a retreat in the Tseu Presidential Suite of the Clarence T.C. Ching Learning and Technology Center that delved into what it means to be a part of a Catholic educational institution today. As a USC professor and author of several books on the subject, Father Heft took us on a journey of discovery that left us rejuvenated as we begin the second half of the 2016-2017 school year.

Below you will find many of the exciting new things your sons are doing in school as we proudly educate them in the Catholic, Marianist tradition of learning that we are honored to be a part of.

Memor et Fidelis,

Glenn Medeiros, Ed.D.
Saint Louis School
Head of School

World champion UFC fighter Max Holloway visited Saint Louis School to talk about what it takes to stay a champion.

An Inside Look at Crusaders Living and Learning the Characteristics of a Marianist Education
Volume 47

Our students in business classes were visited by iconic SLS graduates Dwight Otani, Ray Tam, and another highly successful businessman who is a member of our Board of Trustees, Mike Irish.

Here a middle school student presents different aspects of his science project to our Business teacher, Mr. Valente.

Formation in Faith  Family Spirit  Adaptation & Change  Service, Justice, & Peace  Integral Quality Education

Father Allen and Father Pat are pictured with our 6th graders having a great time taking part in our retreat program.

Our elementary students are seen here standing on the steps of Bertram Hall in their ties.
SLS graduate, board member and philanthropist Anthony Guerrero congratulates Dr. Jim Heft S.M. (Marianist, USC professor, and prolific author) who spoke to members of our school board, faculty and staff about the significance of teaching in a Catholic school.

I was honored to be invited to a presentation by the President of Creighton University, one of several fine Catholic universities in the U.S. Many of our graduates attended this university with a large portion of them studying in the field of medicine. It was a pleasure to meet with our alumni there.
At the Red Mass I bumped into SLS graduate, Adjutant General, Major General Arthur “Joe” Logan. It amazes me each time I run into Saint Louis School men who are truly making a difference in our community on both a local and global scale.

After winning a VEX Robotics tournament earlier in the school year, our SLS robotics team qualified for the VEX State Championship on the Big Island of Hawaii. There, our Saint Louis Men performed admirably just missing the state championship trophy by one match. Reaching second place in the state is a great accomplishment in itself and we are very proud of our Crusader robotics team. Here they are pictured with both trophies they earned this school year. Our robotics team is now planning for a possible trip to the U.S. mainland to compete in a regional contest. We wish them the very best of luck.
